WHO WE ARE

One group, four offices, one promise: we commit, we deliver.

Deeds Consultancy is an international education consultancy that guides students from first enquiry to final enrolment: choosing the right course and institution, preparing a strong application, and supporting CAS, visa and pre-departure steps. We work through companies registered in Pakistan and England, with regional offices in Lahore, Manchester, Wyoming and Abu Dhabi.

Our companies

Deeds Consultancy (Private) Limited

Pakistan · Incorporated 16 October 2025 · Company Registration No. 0312160. Corporate headquarters in Lahore.

Deeds Global Consultancy Ltd

England & Wales · Incorporated 27 May 2025 · Company No. 16476183. Registered office: 99 Hacking Street, Salford M7 4ZD.

Online Deeds Enterprises LLC

Wyoming, United States. Our US regional office in Sheridan.

Online Deeds Academy

Our training arm: IELTS and PTE preparation, Level 3–7 diploma pathways and professional certifications.

Part of the Deeds Group, alongside Deeds Living Ltd and Deeds Chem International.

How we work

01

We charge for results, not effort

Our reward is tied to the outcome we deliver, never merely to the work expended.

02

We own the outcome

Accountability rests with us, from first enquiry to final enrolment.

03

We build for the long term

Durable success over momentary gain, for students and partners alike.

04

We grow by elevating others

Our strength is multiplied, not diminished, by the success of our partners.

WHAT WE DO

Everything a student needs, from first course search to arrival.

University admissions

Undergraduate, postgraduate taught, top-up degrees, MRes and PhD. Course and university shortlisting, SOP and personal statements, recommendation letters, application submission and follow-up.

PhD admissions — our Prime Product

Fully funded, partially funded and self-funded PhD, Master's by Research and MPhil: research proposals, supervisor matching, interview preparation and funding applications.

Student visas and CAS

UK Student and Graduate Route, Schengen student visas, USA F-1 with interview coaching, Canada, Australia (Subclass 500) and China (X1/X2). Credibility interview preparation included.

Study in Europe

Germany, France, Italy, Ireland, the Netherlands, Spain, Poland and Hungary, plus 27 more European countries on request. HEC, IBCC and MOFA attestation and scholarship applications.

UK immigration, with partner solicitors

Visitor and spouse visas, further leave to remain, ILR, citizenship, sponsor licences, appeals and reviews — arranged through our partner UK-regulated solicitors, who provide the legal advice.

Migration pathways

Canada Express Entry and Provincial Nominee guidance, Australia skilled migration assessments and post-study residence planning.

English tests and tutoring

IELTS Academic and PTE Academic training, TOEFL and Duolingo guidance, and live online tutoring with Online Deeds Academy.

Diplomas and certifications

Level 3–7 diploma pathways, including routes into UK bachelor's and top-up master's degrees, and more than 300 professional certifications.

Start with an assessment

Profile, PhD eligibility, UK, Europe and USA study, scholarship and Canada / Australia points assessments — so every student starts on the route that fits.

PRIME PRODUCT · RESEARCH DIVISION

PhD, Master's by Research and MPhil admissions — handled end to end.

A dedicated research team takes each applicant from research idea to supervisor acceptance, university offer, CAS and visa.

Fully funded

Where a supervisor or university confirms a funded place, the funding or grant letter supports the application for full tuition.

Partially funded

The same full process, with added support for partial tuition funding and scholarship applications.

Self-funded

For applicants funding their own research degree, with the same proposal, supervisor and visa support.

What every package includes

- Research profile assessment and topic ideas
- Academic CV, supervisor cover letters and writing samples
- Mock interviews, interview materials and presentation guidance
- Funding and scholarship applications where available
- CAS and student visa application support
- Full research proposal, revised until a supervisor accepts it
- Supervisor and university matching and outreach
- University application through to the offer
- Referencing, Turnitin report and ethics form guidance
- ATAS applications where a course needs one

Two simple instalments

INSTALMENT 1 · AT SIGN-UP

Profile assessment, proposal development, supervisor matching and outreach, and interview preparation.

INSTALMENT 2 · AT DEPOSIT

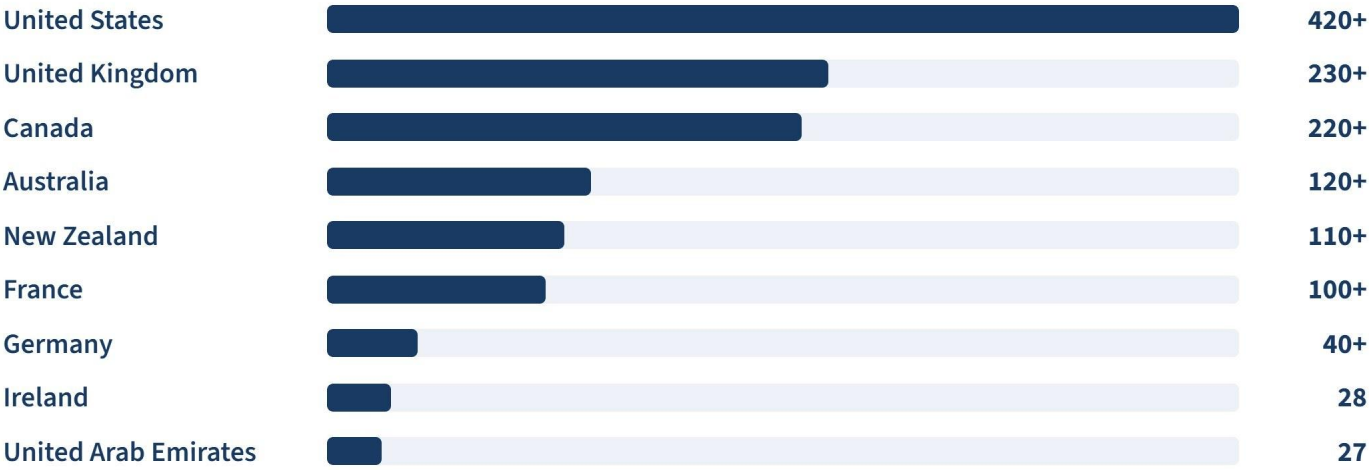
Paid when the tuition deposit is paid, or the funded offer is confirmed: application to offer, CAS and visa support.

Our delivery promise: if we cannot deliver a stage within six months of receiving its instalment, that instalment is refunded in full.

Admission, supervisor acceptance, funding, CAS and visa decisions rest with universities and the relevant authorities and are not guaranteed.

GLOBAL REACH

1,400+ institutions across 27 study destinations.



Also: Singapore, Malta, Malaysia, Cyprus, Greece, Switzerland, Spain, Hungary, the Netherlands, Italy, Sweden, Finland, Turkey, China, Japan, South Korea, Indonesia and Azerbaijan.

HOW WE WORK WITH STUDENTS

Six stages, with one adviser from first enquiry to arrival.

1. Assessment
Qualifications, grades, English level, budget and goals reviewed.

2. Shortlist
Courses and institutions matched to the student's profile.

3. Application
SOP, CV and references prepared, submitted and followed up.

4. Offer
Conditions met and the right offer accepted.

5. CAS and visa
Deposit, CAS, financial evidence, visa file and interview practice.

6. Departure
Pre-departure briefing, travel and arrival guidance.
